

FEVER STATUS SUMMARIZED

Scare at New Orleans is Over But Holds in Other Localities.

IS MENACE IN PENSACOLA

Official Reports of Situation in State of Mississippi and Country Sections in Louisiana.

A New Orleans special says: Reason for a continued hopefulness that yellow fever will be practically a memory on the day scheduled for the visit of President Roosevelt was found by the authorities in Monday's report, which, while exceedingly encouraging in the matter of new cases, after the long report for Sunday, also indicated that the fever now prevailing is of a comparatively light type. Publication was made during the day of the absolute discovery of the germ of yellow fever. The railroads report a large increase in their incoming passenger business, indicating the return of Orleansans who have been away.

Monday's official report was as follows: New cases 37, total to date 2,868, deaths Monday 3, total deaths 370, cases under treatment 282, discharged 2,216.

News from the country indicated two new points of infection, one in Avoyelles parish and another in Assumption parish. The country reports were:

Kenner—Eight new cases.
Tallulah and Vicinity—Eight new cases.

Alexandria—Two new cases.
Lake Providence—Nine new cases.
Borodine—One case.

Near Napoleonville—One case, two suspicious.

Bayou Boeuf and Amelia (six days)—Thirteen new cases.

Terre Bonne Parish (two days)—Forty-seven new cases, four deaths.

Fisher's Camp, Barrataria—Four new cases.

Patterson—Twenty-six new cases.

Situation in Mississippi.

The yellow fever infection at Hamburg, Miss., is spreading rapidly nine new cases, four suspicious cases and one death being reported Monday. Two trained nurses furnished by the state board of health reached Hamburg this afternoon and were assigned to duty. The summary from other infected points is as follows.

Natchez—Three new cases, one new foci, no deaths.

Vicksburg—One new case, no deaths.

Gulfport—Four new cases, no deaths.

Roxie—One new case, one death.

Mississippi City—One new case, no deaths.

Discouraging at Pensacola.

Twenty-five new cases of yellow fever were reported by Pensacola physicians to the health office for the 24 hours ending at six o'clock Monday night. This makes thirty-four cases for Sunday and Monday.

The situation is rather discouraging, as the cases are scattered all over the city, and all hope of checking the disease before the appearance of frost has been practically abandoned.

Instructions were received from Surgeon General Wyman to proceed with the establishment of a detention camp near McDavid upon government land. The camp will accommodate 100, and applications from nearly 200 have already been received.

KANSAS CITY BANK CLOSES UP.

Forced to Wall Through Loans Made to Another Broken Institution.

The Kansas City State bank, Wiley S. Cox, president, failed to open its doors Monday, having gone into voluntary liquidation. The bank had loaned \$163,000 to the bank of Salmon & Salmon at Clinton, Mo., which failed last July, catching depositors for several hundred thousands of dollars.

Captain G. C. M. Godfrey, assistant surgeon United States army, committed suicide Saturday night at his residence on Officer's Row, Fort McPherson, Ga., by blowing out his brains with an army revolver. He is survived by his wife and one child, a boy.

No cause for the suicide can be ascribed, unless it be temporary mental aberration, the belief that is general among the officers at Fort McPherson.

TO DEFEAT A LOCKOUT.

Eleven Manufacturers in New York Must Answer for Illegally Importing Foreigners.

After eight months of careful preparation, the United States district attorney of the New York district, will, according to reliable authority, cause the arrest of eleven heads of manufacturing and contracting concerns of the city, on writs charging them with having conspired, through the medium of an employers' association, to violate the contract laws by the importation of foreign workmen.

The penalty is a fine of not less than \$1,000 nor more than \$10,000, or imprisonment for not more than two years.

It is understood that the department of commerce and labor is directing the prosecution and its agents, with the aid of secret service agents, prepared the case. This has involved many months of investigation, and the keeping since January last of four men, English tile settlers, at Ellis Island. It is upon the evidence of these men, backed by corroborative evidence, that the government chiefly relies.

The evidence in the case goes back to the lockout by the Tile, Grate and Mantel Association, an employers' association, of the men of mosaic and encaustic tile layers and helpers of New York and vicinity on August 6, of last year. To make the lockout a success, it is charged the employers' association sent one of its number to England and caused advertisements to appear in papers in England and Germany offering the settlers \$5 per day for eight hours labor in the United States.

Fifty workmen, it is alleged, were imported to the United States at the instance of the eleven accused men, and were instructed to swear falsely when questioned at Ellis Island by the immigration officials, as to their reasons for coming to America and especially to swear that they had as yet no employment in this country. It is also said that the men were furnished with the address of one of the accused and ordered to report to him.

Two weeks after the men were imported, the lockout being a success it is alleged the accused caused the English workmen to be discharged, on the ground that they were not familiar with the American tools or with the methods of working in this country, and were therefore useless. Some of these men got home as best they could, but four of them carried their grievances to agents of the department of commerce and labor and rendered information on which an investigation was based.

Since then they have been under detention at the immigrant station at Ellis Island.

NEGROES ATTEMPT TO LYNCH NEGRO.

Wanted to Swing Up Prisoner Charged With Assaulting White Woman.

A negro, Robert Taylor, attempted to assault the wife of Deputy Sheriff A. J. Shores at Clayton, Mo., Sunday, and was shot by Shores and badly wounded. The shooting attracted a mob of negroes from the congregation of a colored church, who attempted to lynch Taylor, but were prevented.

Deputy Shores had alighted from a street car and hearing a woman scream and seeing a negro running, he fired and the negro fell.

Later he discovered it was his own wife whom the negro had seized as she was on her way home from a neighborhood visit. He found her in a faint lying on the sidewalk.

PACKERS PAY HEAVY FINES

Four Plead Guilty to Rebate Conspiracy in Chicago Court.

ARE MULCTED FOR \$25,000

All Were Officials of Schwartzchild & Sulzberger Company—One Almost a Nervous Wreck.

Four officials of the Schwartzchild & Sulzberger Packing company of Chicago were fined an aggregate of \$25,000 by Judge Humphrey in the United States district court at Chicago Thursday. The fines followed a plea of guilty to indictments charging conspiracy to accept railroad rebates. The defendants were: Samuel E. Weil of New York, vice president of the company; B. S. Cussey, traffic manager; Vance D. Skipworth and Charles E. Todd, assistant traffic managers. Mr. Weil was fined \$10,000, the other three \$5,000 each.

With the entering of the plea, the declaration was made that unless at least one of the cases is immediately settled, the life of Samuel Weil, who is vice president of the company, and is one of the defendants, is in jeopardy. He is said to be a nervous wreck, and fears were entertained for his life if he had been allowed to continue under the strain of a trial.

The plea was entered, it is declared, after a complete understanding had been reached between counsel for the defendants and Attorney General William H. Moody.

While in Chicago, the attorney general was apprised of the condition of Vice President Weil, and, it is said, agreed to the entry of a plea of guilty, with the understanding that the jail provision of the law under which the indictment was returned should be waived and merely a fine imposed. The same concession was made in the case of the other three defendants.

The four defendants were charged with unlawfully combining and agreeing to solicit rebates for the Schwartzchild & Sulzberger company from railroad companies. Charges were made that the defendants conspired with each other in presenting supposed claims for damages, which were in reality claims for rebates.

During the sentence the court room was absolutely still, and the defendants were visibly affected. At the last word of the court there was a general stir, a buzz of conversation, and it was necessary for the court clerk to rap for order.

Meanwhile the check for the payment of the fines was quickly made out and the four Schwartzchild & Sulzberger officials stepped out of the court room free men.

HAD NEGROES IN HIS COMPANY.

Alkahest Bureau Officials Cancel Dates Made With Poik Miller.

Several days ago when Poik Miller, the noted entertainer, was preparing to leave his Virginia home for Atlanta to appear for the benefit of the First Baptist Church, as the first of a number of entertainments to be given by him in Georgia and South Carolina cities, he was notified that on account of the requests of local managers of cities where he was to have appeared all his dates had been cancelled. The reason given for the cancellation was that the patrons of the Alkahest attractions did not wish to go to see an attraction where negroes had a part.

While in Atlanta Miller spoke with deep feeling of this action of the bureau. The principal part taken by the negroes in his company is the quartet. Mr. Miller stated that he had these negroes along in order to illustrate phases of the life of the southern lark, and that it had never occurred to him that he would offend any one.
